

## No-one knows her like you do.

Crewing a superyacht is a unique opportunity like no other, you can see and experience exotic locations every single day. Of course, it's also a job and a busy one at that. Not only are you responsible for the performance of the ship, but also her condition.

Superyacht crews are some of the most highly trained and dedicated in the marine world. We know that you can spot defects and issues with your ship before anyone else. But now you've seen it, how do you **fix** it?

Being so busy onboard means that you won't have the time or energy to keep up to date with the latest in relevant technology. A lot of the time, all you get is the latest marketing about some magic product. *But does it work?*

**Expert as you are, you can't do everything yourself.**

That's where you need a **specialist partner**. Someone who has the time, energy and contacts to ensure that you only ever use the right answers to any issues you find. A business with experience, references and a track record suitable for your needs.

## The Experts you need.

The NeroQom Squad has been supporting the crews of the world's most iconic superyachts for decades. We're as comfortable on-board ship as you are and ready when you need us.

Our range of specialist services covers every material and treatment your vessels needs to look her best. Developed **specifically** for the marine industry, these treatments will deliver the best possible results for your boat.

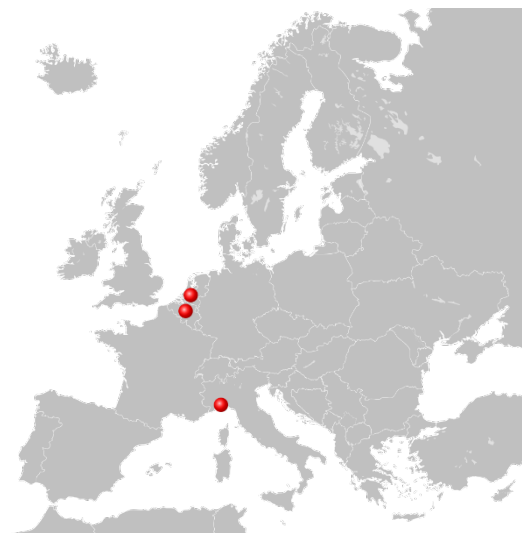

Once we're done, she'll be back in **perfect condition**, just like she should be.

We offer a comprehensive range of Disciplines to our superyacht clients, including:

- Restoration & protection of *metal* surfaces in the ship's galley
- Cleaning & maintenance of *elevators*
- Precision removal of *ceramic coatings*
- Glass repair and *scratch* removal
- Deep cleaning, restoration & protection of *glass*
- Application of glass *tinting*
- *Remove* old protection treatments from glass
- Care & protection of *natural stone*
- Application & care of *vinyl wrapped* surfaces
- Protection & maintenance of polished or brushed *stainless steel*

...and that's just the start. If your boat needs attention in any area of **visual comfort**, the NeroQom Squad has the experience to help. Just call us in.

We are happy to work when you need us to. That includes before delivery, during a refit or between charters, we're ready to go. With northern and southern bases across Europe, *we're never too far away.*

## Experience matters.

We understand the luxury marine industry. More than that, we love and take great pride in working on superyachts. The results we deliver matter to us.

But passion isn't everything. Anyone can say it seems like a nice place to work. We backup our passion with experience. A list of superyachts which you've heard of and we've delivered results on.

That's why we're proud to say that you can see **our results** on these stunning vessels:

- MY Madame GU (99m)
- MY Flying Fox (135m)
- MY Ocean Victory (141m)
- SY Black Pearl (106m)
- MY New Secret (74m)
- MY Dar (90m)
- MY Anna (110m)

... to name but a few. So, if we're only as good as the projects we've worked on, we're sure you'll agree that our pedigree is impressive.

If you need our help, drop us a **picture of your problem** and we'll let you know how we discuss the best way forward.

## The NeroQom difference.

Our superyacht clients benefit from more than our product set. They benefit from our professionalism and understanding of their needs.

This includes the need for fast, discrete service. We will travel to where you need us and get the job done. And when we're done? We'll keep the details to ourselves.

**No fuss. No drama.  
Just results.**

Our aims are simple:

- *Restore* the condition of your vessel
- Complete the project on time and on *budget*
- To give you *more time* in your day
- *Reduce* cleaning times
- Ensure *maintenance* is as simple as possible

So, if you want every aspect of the visual comfort of your superyacht to be a perfect ten, you need NeroQom.

Contact us now and let's see how we can help.
