

Construction Techniques

When we're beyond maintenance, it's time for our Construction Technique Disciplines.

The Squad have the expertise to repair, replace or upgrade the materials or whole sections of your façade, restoring them to the best possible condition.

#CT00 NeroQom® Energy:

Do you want to create electricity, save on your bills and protect the future? All you need is NeroQom Energy as your renewable power partner.

#CT00-1 NeroQom® Solar Energy Façade

Upgrade your façade with electricity from cutting edge solar cells featuring custom colours, designs and shapes. It's the best way to make your façade truly stunning, cut many bills and protect the future for everyone. Created by our partners at Kameleon Solar, managed by the Squad.

#CT01 NeroQom® Façade Renew:

When you need technical repair or replacement, our Façade Renew Disciplines are here. Including intensive processes to renew damaged or compromised façade components and elements, we'll restore the condition of your building.

#CT01-1 NeroQom® Façade Bricks & Masonry Renew

Over time bricks and the masonry between them will degrade, left unchecked, this will lead to ugly or even dangerous deterioration. So, before this happens, it's time to renew. We'll replace the jointing of the mortar and replace brickwork to leave your wall safe, secure and beautiful again.

#CT01-2 NeroQom® Façade Glass Replacement

When it can't be repaired or you want to give your building an energy upgrade, we'll replace your glass. Providing an efficient and safe professional service where you need it.

#CT01-3 NeroQom® Façade Leakage Repair

Whether through age, poor maintenance or design issues, a leak on your façade can be visually and technically destructive. We'll track down the source, repair it and tackle any damage we find.

#CT01-4 NeroQom® Façade Rubber Renew

Renew the rubber around your glass to keep it effective and flexible for longer. When it's time to replace, we'll help there too.

#CT01-5 NeroQom® Façade Sealant Renew

Apply new or replace damaged and old sealant in your structure to make it secure, renewing it for the future.

#CT01-6 NeroQom® Façade Sunscreen Renew

Sunscreens are a great feature for your building. We help them stay that way through professional cleaning, renewal, repair and replacement as needed.

#CT02 NeroQom® Floor:

Picking the right floor for a space is an exciting step in your project. We're here to guide and support you in making a choice which ticks the practical and stunning boxes in equal measure.

#CT02-1 NeroQom® Floor Coating Application

The application of a perfect floor coating takes skill and care. The Squad can apply a range of different floor coating types with whichever finish you need.

#CT02-2 NeroQom® Floor Renew

We'll make sure your floor looks like it was just laid. The Squad will check for visual and technical comfort across the whole area, no detail is left unchecked.

#T02-3 NeroQom® Floor Panel Install

Modern floors come in a range of different materials including PVC and laminate as well as varying, styles and effects. We can install them to whichever space you need efficiently, whichever you choose.
