

## It starts small.

Graffiti attacks aren't always huge spray-painted images on the side of your project. In fact, there are often more, small incidents which, though tiny, lead to bigger things.

We've all seen the crude comments, telephone numbers or graphic images scrawled in permanent marker. They may be small, but that doesn't stop their **impact**. The bad impression and damage to your project's reputation is instant and lasting.

Once a site has been compromised with ink or little painted tags, you'll often see that the vandals move on to bigger, more daring attacks in no time at all.

That makes it especially important to find and remove any graffiti as soon as it occurs. Where ever it occurs.

## But how can you do that?

Unless your team are trained graffiti removal **specialists**, how are they supposed to handle the issue without causing damage to your project?

## Wipe away the problem.

The answer comes in a little tub. NeroQom Graffiti Wipes are an easy to use, **effective** response to small areas of graffiti damage.

Created by some of the greatest and most experienced minds in the war on graffiti, these are deceptively simple.

To use, wipe down the affected area then wipe the area down. As you do, the graffiti will vanish. It's really that **simple**.

Our graffiti wipes can be used on a variety of surfaces including:

- *Glass*
- *Metal*
- *Plastic*
- *Polycarbonate*

...and many more.

If you'd like to find out how you can equip your team with this amazing product,

**get in contact and we'll be happy to help:**

## It's not only down to you.

Our NeroQom Graffiti Wipes are perfect for anyone to use, novice or expert. They form part of the equipment which our own graffiti removal experts use every day. They're really that good.

We can even offer **supervision** or full **training** to use them if you have your own team in place already.

But if your graffiti issue has already gone beyond small attacks, then you may need **more** than just the wipes. That's why NeroQom offers our Graffiti Removal & Protection Squad to our clients.

This **experienced** team can visit your project for one-off or on-going treatments. We'll get your graffiti problem under control and keep it that way. No matter what the type of graffiti, substrate or environment it happens in.

**We're on the case.**

With the Squad handling your project, your graffiti will be found and completely removed quickly and without it ruining the reputation of you or your project.

## Everything you need.

NeroQom offers solutions which cover every type of graffiti on every type of surface.

We also offer an extensive, **market-leading** range of products and techniques which deliver high-end maintenance like you've never seen before.

We call these our Disciplines.

There are a lot of them, and we're always working to expand and develop the menu we offer, so to see the latest version
