

Are you managing your graffiti problem?

The fight against vandalism can seem never ending but it's not one that **YOU** need to have. That's what we're for.

NeroQom[®] delivers **graffiti removal** and **anti-graffiti solutions** where ever it's found.

We remove **all types of graffiti** completely, that includes acid etching and the shadow which some leave behind. Our range of Disciplines include answers for graffiti on:

- *Bricks & Masonry*
- *Natural Stone*
- *Concrete*
- *Coated Surfaces*
- *Glass*
- *Metal Surfaces*

Experience where it counts.

We've been doing this **a long time**. That means we've proven strategies to remove and protect against graffiti in lots of different places including:

- *Commercial*
- *Education*
- *Government*
- *Historic*
- *Industrial*
- *Infrastructure*
- *Residential*
- *Transport*

So, we have **experience** in meeting critical safety, environmental, technical and security requirements. 100% of the time. That includes graffiti inside or outside, at ground-level or heights, we'll reach it and remove it.

The Squad will take care of every step of the process, from perfect removal to protection, we'll do it all.

When we're done, it'll be like we (and the graffiti) were never there.

Welcome to results.

Our passion for protecting the world from graffiti fuels creative solutions. Using products and techniques exclusive to NeroQom[®], the Squad delivers the five most important aspects of graffiti management:

- **Total removal** of the graffiti
- **Fast response and results**
- **Minimised disruption**
- **No damage to the underlying surface**
- **Anti-graffiti solutions**

Do you want to make the rules?

NeroQom[®] is here when you need us. Whether that's to complete a one-off removal or for a long-term cooperation, we'll work how you need us to.

So, whether that's an emergency removal or a longer partnership with Squad members dedicated to patrolling your sites, we have the capability to deliver. Every time.

Why all the options?

Each and every one of our Disciplines is lab tested but, more importantly, it's **proven** in the field. We know that different materials have different needs. We understand that different situations require a different approach.

That's why our Graffiti Disciplines include wet clean options, dry removal, blasting, sanding and simple wipe clean options.

No matter how specific your needs are, we have an answer.

So, head on over to our vandalism free website and see the list of everything we will be taking care of for you:
