

## Construction Techniques

### When we're beyond maintenance, it's time for our Construction Technique Disciplines.

The Squad have the expertise to repair, replace or upgrade the materials or whole sections of your façade, restoring them to the best possible condition.

#### #CT00 NeroQom® Energy:

Do you want to create electricity, save on your bills and protect the future? All you need is NeroQom Energy as your renewable power partner.

##### #CT00-1 NeroQom® Solar Façade

Upgrade your façade with cutting edge solar cells featuring custom colours, designs and shapes. It's the best way to make your façade truly stunning, cut many bills and protect the future for everyone.

##### #CT00-2 NeroQom® Wind Power

Harness the energy flowing around us with NeroQom® Wind Power. The NeroQom® Energy range of wind power generation systems are a gorgeous upgrade to your building and save the planet.

#### #CT01 NeroQom® Façade Care:

When you need repair or replacement, our Façade Care Disciplines are here. Including intensive processes to renew damaged or compromised components, we'll restore the condition of your building before you know it.

##### #CT01-1 NeroQom® Façade Glass Replacement

When it can't be repaired, we'll replace your glass. Providing an efficient and safe professional service where you need it.

##### #CT01-2 NeroQom® Façade Leakage Repair

Whether through age, poor maintenance or design issues, a leak on your façade can be visually and technically destructive. We'll track down the source, fix it and tackle any damage we find.

##### #CT01-3 NeroQom® Façade Sunscreen Care

Sunscreens are a great feature for your building. We help them stay that way through professional repair and replacement as needed.

##### #CT01-4 NeroQom® Rubber Care

Maintain the rubber around your structure to keep it effective for longer. When it's time to replace, we'll help there too.

##### #CT01-5 NeroQom® Sealant Care

Apply or replace the sealant in your structure to make it secure like new again.

##### #CT01-6 NeroQom® Bricks & Masonry Renew

Over time bricks and masonry will degrade, left unchecked, this will lead to ugly or dangerous deterioration. When it happens, it's time to renew. We'll replace the jointing of the mortar and replace brickwork to leave you wall safe, secure and beautiful again.

#### #CT02 NeroQom® Flooring:

Picking the right floor for a space is an exciting step in your project. We're here to guide and support you in making a choice which ticks the practical and stunning boxes in equal measure.

##### #CT02-1 NeroQom® Flooring Liquid Application

Installing a perfect liquid floor takes skill and care. The Squad can apply a range of different liquid flooring types with whichever finish you need.

##### #CT02-2 NeroQom® Flooring Maintain

We'll make sure your floor looks like it was just laid. The Squad will check for visual and technical comfort across the whole area, no detail left unchecked.

##### #T02-3 NeroQom® Flooring Install

Modern floors come in a range of different materials, styles and effects. We can install them to which ever space you need efficiently, whichever you choose.
